

San Juan County Community Partners,

We are pleased to announce the **21st Annual Totah Drums of Fall event**, which will be held on **September 12, 2026**. Drums of Fall celebrates a rich tradition of Native ceremonies that promote peace, harmony, and cultural connection. This event is meaningful for the relatives served through Totah programs, their families, and the broader community. Activities will include music, dancing, arts and crafts, and local vendors.

As a non-profit organization, Totah Behavioral Health Authority (TBHA) is dedicated to serving individuals experiencing co-occurring conditions such as alcoholism, substance use disorders, and other mental health challenges, often compounded by poverty and homelessness. TBHA's mission is to support clients in improving their ability to function successfully within the community. Our services are delivered with respect to each person's cultural and ethnic traditions and are designed to address their medical, psychological, and social needs.

Your generosity will directly impact on our community members and allow us to remain a direct resource and a form of stability when they need it most. As a gesture of appreciation for your support, we would be honored to include your organization's logo on various event materials. Please refer to the attached sponsorship page for additional details.

Thank you for contributing to the health and wellness of our community.

Kristine L. Carlson-Werito, LCSW

Regional Behavioral Health Clinical Administrator

DRUMS OF FALL

Competition Pow-Wow • September 12, 2026 • 11 am - 8 pm

Drums of Fall would not be possible without the generous support of our sponsors.

Total Behavioral Health has held the *Drums of Fall* (previously *Drums of Summer*) for the past 21 years. This year, the event will be held at McGee Park Coliseum. All funds raised will support Presbyterian Medical Services - Total Behavioral Health and their effort to help clients achieve sobriety. Total's mission is to provide culturally appropriate behavioral healthcare and related services to the San Juan County community. Services are provided to clients (referred to as "relatives") recovering from chemical dependency by using a combination of Traditional Native American healing practices and contemporary best practice behavioral treatment approaches.

Sponsorship Levels and Benefits

Benefits	Presenting \$5,000	Gold \$2,500	Silver \$1,000	Bronze \$500	Under \$500
